Lifeline: Protecting homes and businesses for over 30 years.

Working with you to look after your individual security needs. Solutions available with 24 hour monitoring, remote viewing and control through smartphones and tablets. Keeping you safe and secure, day and night – giving you peace of mind 24/7, whether at home or at work.

Simple, Professional, Reliable

Remote Viewing on Smart Devices

View and manage images remotely using your smartphone, tablet or laptop from anywhere in the world. View multiple sites on one app. Receive alerts, notifications, activate two way audio to site. Control your system using dedicated software

Secure Remote Support

We can support your CCTV system day and night with our secure remote connection service. Change users, remote maintenance, firmware, cyber security upgrades and diagnostics with limited need for engineer site attendance.

Video Door Bells

Video Door Bells are a simple way of keeping your front door secure. See, Hear and Speak to people at your front door. A device fitted to your front door acts just like a normal door bell.

24 Hour Colour Images Day or Night

Hikvision ColorVu Cameras' powerful ability to capture details in low lighting. Advanced lenses and high-performance sensors, ColorVu cameras guarantee video with colorful details when you need them.

Friendly Support Team

Our dedicated friendly highly trained team of professionals are on hand to provide all the support you need. This team work to ensure your complete satisfaction & compliance to British & European Standards, Police and Insurance requirements. Project Managers assigned to your project to ensure complete delivery.
