

Lifeline Alarms & Security Services

Keeping you safe and secure, day and night – giving you peace of mind 24/7, whether at home or at work. Get in touch with us today on **01983 521621**. We know how to make your world a safer place.

CCTV Systems

Lifeline is at the forefront of the digital revolution in fighting crime, transforming the role of CCTV and making your world a safer place at the push of a button. Contact one of our security experts today on **01983 521621**.

Effective Deterrent

CCTV is now the must-have deterrent against crime with equipment today much smaller, more effective and easier to use. CCTV is in operation 24 hours a day. Lifeline experts can design, install and maintain CCTV systems for every purpose from a safe working environment to secure property and protected assets.

Refined technology, at lower costs

Recording quality has vastly improved and costs reduced, so that CCTV is now a realistic option accessible to many. Lifeline works closely with manufacturers employing the latest cutting edge technology using 1080p & 4K high quality images, automatic detection and email alerts.

- *View and manage images remotely using your smartphone, tablet or laptop from anywhere in the world.*
- *Professionally monitored 24 hours a day by our alarm receiving centre EMCS.*
- *Integrated Video Analytics can also pinpoint activity within a specified area, alerting the user to activity or intrusion.*
- *Images are recorded on hard disk recorders and multiple sites can be monitored using just one App through Internet connections.*

Scalable systems

We provide all types of installations for home and commercial premises to offices, schools, colleges and leisure centres to name a few.

Because we offer a range of CCTV systems from standalone cameras to multiple camera systems integrated into access control and intruder systems, we find the best solution for you, whether analogue or an IP based system.

Award Winning Service

We scooped National Security Installer of the Year at the National Security Excellence Awards, for our specialist security services on the Isle of Wight and Southern UK, beating our competitors around the country. We are also multi award winning locally, picking up awards at The Isle of Wight Chamber of Commerce Awards for Business Excellence. These are accolades our dedicated team are immensely proud to be awarded.

Unrivalled Expertise

Lifeline is a privately owned company with over twenty-five years of in-depth security services experience that, today, is still unrivalled locally. Our highly skilled and multi-disciplined engineering staff, designers, and support team offer unparalleled resources in designing, installing and maintaining systems for individuals and organisations alike.

Highest Ethical Standards

Certified and accredited by the UK's leading accreditation body, renowned for providing the highest quality security products and services. So you can benefit from complete confidence in our approved quality procedures, excellent standards and codes of conduct. That is why we are approved to insurance companies, police and NSI, British & European Standards.

Broad Service Range

Our depth of knowledge and experience allows us to operate successfully across diverse market sectors to provide a broad range of services and products from basic servicing and maintenance packages to electronic, fire and security system solutions, consultancy, design and build services.

To find out more, just talk to one of our Lifeline experts on **01983 521621**.

Accessibility

With our base on the Isle of Wight, we thrive on working with small to medium enterprises, the local domestic market, as well as developing more complex security systems for businesses and larger organisations on the Island and beyond in the South of England.

Just drop by our offices at the Island Security Centre, River Way, Newport, Isle of Wight, PO30 5UX or give us a call on **01983 521621**.

High-definition camera with night vision.
